1 Finance System and Policy Review of Chinese Rural Compulsory Education

1.1 Development of Compulsory Education in China

1.1.1 Development of Compulsory Education

1.1.2 Increase in Expenditure for Compulsory Education

1.2 Transformation in Compulsory Education Financing System in China

1.2.1 Decentralized Financing and Decentralized Management

1.2.2 The New Problem of the System of Decentralized Financing and Decentralized Management Due to Tax Sharing Reform

1.2.3 Rural Tax-Fee Reform and the County-Centered System

1.2.4 Fund Guarantee Mechanism for Rural Compulsory Education

1.3 Key Compulsory Education Projects in China

1.3.1 National Compulsory Education Project in Poverty-Stricken Regions

1.3.2 Project of Dilapidated School Building Renovation for Primary and Junior Secondary Schools

1.3.3 Rural Boarding Schools Project

1.3.4 Two Exemption and One Subsidy Policy

1.3.5 Project of Distance Education in Rural Primary and Junior Secondary Schools

1.4 Main Challenges in Compulsory Education Finance in China

1.4.1 The Inadequacy of Total Expenditures for Rural Compulsory Education Has not Been Resolved

1.4.2 Teacher Quality and Teacher Training Are Crucial for Further Development of Rural Compulsory Education
1.4.3 Adequacy of Non-personnel Expenditures Needs Improvement and Growth Mechanisms Needs Perfecting ........................................ 17
1.4.4 The Standard of Living Subsidy for Poor Boarding Students Is Relatively Low and Expenditure Guarantee Needs to Be Further Strengthened ........................................ 17
1.4.5 The Resources Allocation Between Urban and Rural Areas Is not Balanced and Per-Student Expenditures for Rural Schools Are Much Lower ........................................ 18
1.4.6 Differences of Expenditures Per Student in Rural Primary and Junior Secondary Schools Are Comparatively Big Between Regions ........................................ 18
1.4.7 The Long-Term Physical Facilities Guarantee Mechanism for Rural Primary and Junior Secondary Schools Needs Further Improvement ........................................ 19
1.4.8 Crowding-Out Effect of Multi-level Governments ......... 19

2 Study on Non-personnel Expenditure Standards for Rural Compulsory Education ........................................ 21
  2.1 Non-personnel Expenditure Standards for Rural Compulsory Education: Concept, Status Quo, and the Approaches ....... 22
    2.1.1 The Definition of Non-personnel Expenditures for Primary and Junior Secondary School ........................................ 22
    2.1.2 Status Quo of Non-personnel Expenditures for Primary and Junior Secondary Schools in China .......................... 24
    2.1.3 Principles to Determine Non-personnel Expenditure Standards for Primary and Junior Secondary Schools ....... 31
    2.1.4 The Approaches to Non-personnel Expenditure Standards for Primary and Junior Secondary Schools ....... 32
  2.2 The Item-Specific Integration Approach to Non-personnel Expenditure Standards for Rural Compulsory Education ....... 35
    2.2.1 Introduction to the Approach ........................................ 35
    2.2.2 Calculation Process and Conclusions ........................................ 38
    2.2.3 Conclusion ........................................ 45
  2.3 Cost Function Approach to Non-personnel Expenditure for Primary and Junior Secondary Schools ........................................ 45
    2.3.1 Research Methods and Data ........................................ 45
    2.3.2 Estimated Results ........................................ 50
    2.3.3 Use Cost Function to Calculate Non-personnel Expenditures ........................................ 53
    2.3.4 Conclusion ........................................ 55
3 Progress and Countermeasures of Student Assistance Policy in Compulsory Education

3.1 Formation and Development of Student Assistance Policy in Compulsory Education
   3.1.1 Initial Stage: 1986–1996
   3.1.2 Slowly Developing Stage: 1997–2002
   3.1.3 Rapidly Developing Stage: 2003–2008

3.2 Analysis of the TEOS Policy for the Current Situation
   3.2.1 Policy Analysis of Exemptions from Tuition and Miscellaneous Fees and Free Textbooks in the Current Situation
   3.2.2 Current Situation of the Living Subsidy Policy for Indigent Boarding Students

3.3 Problems and Countermeasures of the TEOS Policy
   3.3.1 Problems and Countermeasures of the Miscellaneous Fee Exemption Policy
   3.3.2 Problems and Countermeasures of the Free Textbook Policy
   3.3.3 Problems and Countermeasures of the Living Subsidy Policy for Indigent Boarding Students

3.4 Study on the Boarding Student Living Costs
   3.4.1 Study Based on Sample School Student Data
   3.4.2 Study Based on Household Survey Data in Rong’an, Guangxi

3.5 Conclusions

Appendix 1: Percentage of Students Receiving Miscellaneous Fee Exemptions to Total Students (Based on Data from School Questionnaires, %)

Appendix 2: Percentage of Students Receiving Free Textbooks to Total Students (Based on Data of School Questionnaires, %)

Appendix 3: Percentage of Students Receiving Free Textbooks to Total Students in Spring 2007 (Based on Data of Student Questionnaires, %)

Appendix 4: Percentage of Boarding Students Receiving Living Subsidies to Total Students (Based on Data of School Questionnaires, %)

Appendix 5: Percentage of Boarding Students Receiving Living Subsidies to Total Boarding Students (Based on School Questionnaire, %)
4 Study of Equity in Compulsory Education Finance

4.1 The Method to Measure the Education or Educational Resources Received by Students
4.2 The Data Source
4.3 The Method to Measure the Equity
  4.3.1 Horizontal Equity
  4.3.2 Financial Neutrality
  4.3.3 Vertical Equity
4.4 The Analysis of Horizontal Equity: Gini Coefficient
  4.4.1 The Gini Coefficient for Education Revenue and Its Decomposition
  4.4.2 The Gini Coefficient for Regular Expenditures
  4.4.3 The Gini Coefficient for Physical Facilities
4.5 The Analysis of Horizontal Equity: Theil Coefficient
  4.5.1 Theil Coefficients for Regular Expenditures and Physical Facilities
  4.5.2 The Decomposition of the Theil Coefficient: Intra-county and Inter-county
4.6 Financial Neutrality: The Relationship of Inter-county and Intra-county Inequity with GDP and Recurrent Fiscal Revenue
  4.6.1 The Relationship of Inter-county Inequity with Per Capita GDP and Per Capita General Fiscal Revenue
  4.6.2 The Relationship of the Intra-county Inequity of Regular Expenditure to Per Capita GDP and Fiscal General Revenue
4.7 Vertical Equity: Is the Difference Between Rural and Urban Areas Really Small?
  4.7.1 Education Revenue and Fiscal Appropriation
  4.7.2 Regular Expenditure
  4.7.3 Physical Facilities
4.8 Conclusions and Policy Suggestions
  4.8.1 Conclusions
  4.8.2 Policy Suggestions
Appendix: Methodology for Measuring the Degree of Equity

5 Rural Compulsory Education Finance Monitoring and Evaluation System

5.1 The Framework of a Monitoring and Evaluation System for Compulsory Education Finance
5.2 Rural Compulsory Education Finance Monitoring System
  5.2.1 Principles
5.2.2 Executive Bodies ................................. 161
5.2.3 Monitoring Contents and Indicator System ........ 161
5.2.4 Accountability and Intervening of Monitoring Results ... 169
5.3 Rural Compulsory Education Finance Evaluation System ...... 170
5.3.1 Executive Body ................................. 171
5.3.2 Evaluation Contents and Indicators ..................... 172
5.4 Micro-Foundation of Monitoring and Evaluation System:
   School Budget ........................................ 179
   5.4.1 Research Design ................................... 180
   5.4.2 Findings ........................................ 181
   5.4.3 Conclusions and Policy Suggestions .................. 183
Reference ............................................... 184

6 International Experience ........................................... 185
6.1 Non-personnel Expenditures in Compulsory Education
   and Benchmark Standards: International Experience ....... 185
   6.1.1 Defining Non-personnel Expenditure in Education .... 185
   6.1.2 How Much Is Spent on NPE? ......................... 187
   6.1.3 Measuring Schools’ Physical Resources and the Equity
         of Their Distribution ............................... 189
   6.1.4 The Importance of Non-personnel Expenditure
         and Learning Resources for Student Attainment
         in Developing Countries ............................ 192
   6.1.5 Benchmark Standards for Non-personnel Expenditure
         and Schools’ Physical Resources ..................... 195
   6.1.6 Using Research Evidence to Establish a Financial
         Standard for Basic Education: Indonesia ............. 202
   6.1.7 Desirable Characteristics of a School Funding Formula... 205
   6.1.8 Conclusion: Suggestions, Drawing on International
         Experience, for the Development of a Benchmark
         Standard for NPE in China ......................... 206
6.2 Financial Disparities and Intergovernmental Grants in Primary
   and Secondary Education: An International Review ......... 209
   6.2.1 Reducing Financial Disparities in Primary and Secondary
         Education ............................................ 209
   6.2.2 Changes in the Financing of Primary and Secondary
         Education by Government Level ..................... 223
References ................................................ 230
