Contents

Part I  Introduction

1 Organohalide-Respiring Bacteria—An Introduction 3
   Lorenz Adrian and Frank E. Löffler

2 Natural Production of Organohalide Compounds
   in the Environment 7
   James A. Field

3 Energetic Considerations in Organohalide Respiration 31
   Jan Dolfing

Part II  Diversity of Organohalide-Respiring Bacteria

4 Discovery of Organohalide-Respiring Processes
   and the Bacteria Involved 51
   Perry L. McCarty

5 Overview of Known Organohalide-Respiring Bacteria—
   Phylogenetic Diversity and Environmental Distribution 63
   Siavash Atashgahi, Yue Lu and Hauke Smidt

6 The Genus Dehalococcoides 107
   Stephen H. Zinder

7 The Genus Dehalogenimonas 137
   William M. Moe, Fred A. Rainey and Jun Yan

8 The Genus Dehalobacter 153
   Julien Maillard and Christof Holliger

9 The Genus Desulfitobacterium 173
   Taiki Futagami and Kensuke Furukawa

10 The Genus Sulfurospirillum 209
    Tobias Goris and Gabriele Diekert

Part VI Applications

21 Redox Interactions of Organohalide-Respiring Bacteria (OHRB) with Solid-State Electrodes: Principles and Perspectives of Microbial Electrochemical Remediation .......................... 499
   Federico Aulenta, Simona Rossetti, Bruna Matturro, Valter Tandoi,
   Roberta Verdini and Mauro Majone

22 Current and Future Bioremediation Applications: Bioremediation from a Practical and Regulatory Perspective .......................... 517
   Robert J. Steffan and Charles E. Schaefer

23 The Microbiology of Anaerobic PCB Dechlorination .................. 541
   Jianzhong He and Donna L. Bedard

24 “Dehalobium chlorocoercia” DF-1—from Discovery to Application .................................................. 563
   Harold D. May and Kevin R. Sowers

25 Use of Compound-Specific Isotope Analysis (CSIA) to Assess the Origin and Fate of Chlorinated Hydrocarbons .................. 587
   Daniel Hunkeler

Part VII Outlook

26 Outlook—The Next Frontiers for Research on Organohalide-Respiring Bacteria .......................................................... 621
   Lorenz Adrian and Frank E. Löffler

Index ................................................................................. 629
Organohalide-Respiring Bacteria
Adrian, L.; Löffler, F.E. (Eds.)
2016, VII, 632 p. 94 illus., 35 illus. in color., Hardcover
