## Contents

**Part I  Social Ecology**

1. **How Ecological Conditions Affect the Abundance and Social Organization of Folivorous Monkeys** ........................................ 3  
   Colin A. Chapman, Tamaini V. Snaith, and Jan F. Gogarten

2. **Dusky Dolphins: Flexibility in Foraging and Social Strategies** ........ 25  
   Bernd Würsig and Heidi C. Pearson

3. **Socioecological Flexibility of Gorillas and Chimpanzees** ............. 43  
   Juichi Yamagiwa and Augustin Kanyunyi Basabose

4. **You Are What You Eat: Foraging Specializations and Their Influence on the Social Organization and Behavior of Killer Whales** ............................................................... 75  
   John K.B. Ford and Graeme M. Ellis

5. **Japanese Macaques: Habitat-Driven Divergence in Social Dynamics** ................................................................. 99  
   Goro Hanya

6. **Shark Bay Bottlenose Dolphins: A Case Study for Defining and Measuring Sociality** .................................................. 115  
   Margaret A. Stanton and Janet Mann

**Part II  Life History and Social Evolution**

7. **Female Coexistence and Competition in Ringtailed Lemurs: A Review of a Long-Term Study at Berenty, Madagascar** ............ 129  
   Yukio Takahata, Naoki Koyama, Shin’ichiro Ichino, Naomi Miyamoto, Takayo Soma, and Masayuki Nakamichi

xiii
8 Social Structure and Life History of Bottlenose Dolphins Near Sarasota Bay, Florida: Insights from Four Decades and Five Generations ................................................................. 149
   Randall S. Wells

9 Life History Tactics in Monkeys and Apes: Focus on Female-Dispersal Species ..................................................... 173
   Juichi Yamagiwa, Yukiko Shimooka, and David S. Sprague

10 Social Conflict Management in Primates: Is There a Case For Dolphins? .......................................................... 207
    Marina Cords and Janet Mann

11 Evolution of Small-Group Territoriality in Gibbons ......................... 213
    Warren Y. Brockelman, Anuttara Nathalang, David B. Greenberg, and Udomlux Suwanvecho

Part III Demography, Genetics, and Issues in Conservation

12 Northern Muriqi Monkeys: Behavior, Demography, and Conservation ................................................................. 233
    Karen B. Strier

13 Indo-Pacific Humpback Dolphins: A Demographic Perspective of a Threatened Species .............................. 249
    Shiang-Lin Huang and Leszek Karczmarski

14 Mountain Gorillas: A Shifting Demographic Landscape .................. 273
    Elizabeth A. Williamson

15 Population Genetics in the Conservation of Cetaceans and Primates ................................................................. 289
    Kimberly Andrews

16 Eco-toxicants: A Growing Global Threat ........................................... 309
    Victoria Tornero, Teresa J. Sylvina, Randall S. Wells, and Jatinder Singh

Part IV Selected Topics in Comparative Behavior

17 Observing and Quantifying Cetacean Behavior in the Wild: Current Problems, Limitations, and Future Directions ......................... 335
    Janet Mann and Bernd Würsig

18 Social Network Analysis: Applications to Primate and Cetacean Societies .................................................................. 345
    Margaret A. Stanton and Janet Mann
| 19 | Social Touch in Apes and Dolphins ....................................................... | 355 |
|    | Michio Nakamura and Mai Sakai                                          |
| 20 | Non-conceptive Sexual Interactions in Monkeys, Apes, and Dolphins .......... | 385 |
|    | Takeshi Furuichi, Richard Connor, and Chie Hashimoto                    |
| 21 | A Mix of Species: Associations of Heterospecifics Among Primates and Dolphins | 409 |
|    | Marina Cords and Bernd Würsig                                           |
|    | Index                                                                       | 433 |
Primates and Cetaceans
Field Research and Conservation of Complex Mammalian Societies
Yamagiwa, J.; Karczmarski, L. (Eds.)
2014, XV, 439 p. 78 illus., 47 illus. in color., Hardcover
ISBN: 978-4-431-54522-4
