Acknowledgments

This book collects studies on the internationalization of Japanese firms, written by economists who are members of the research project supported by the Research Institute of Economy, Trade and Industry (RIETI) and the Grant-in Aid for Scientific Research of Japan Society for the Promotion of Science (JSPS). I would like to thank RIETI, JSPS, Kyoto University, Yokohama National University, and Gakushuin University for support in preparing this book. I would like to acknowledge valuable comments and suggestions on our research from Richard Baldwin, Lee Branstetter, Masahisa Fujita, Ronald Jones, Kazuo Nishimura, Shuichiro Nishioka, Eiichi Tomiura, and Makoto Yano. I would like to thank the statistics bureaus of the Japanese Ministry of Economy, Trade and Industry and the Ministry of Internal Affairs and Telecommunications for their official permission to use the firm-level data of government statistics. I also would like to thank Juno Kawakami, Misao Taguchi, and Hiroshi Takahashi for their support in producing this book. Of course, this volume would not have been possible without the participation of the contributing authors whose work appears on the following pages.
