Contents

Part I Therapy and Prevention of Allergies

Allergen Avoidance and Prevention of Allergy ............................................. 3
Syed Hasan Arshad

Pharmacotherapy of Allergic Rhinitis .................................................... 19
Jeffrey M. Lehman and Michael S. Blaiss

Antihistamines in Rhinitis and Asthma ............................................ 37
Todor A. Popov

Antiallergic and Vasoactive Drugs for Allergic Rhinitis ..................... 51
Friedrich Horak

Antileukotrienes in Asthma and Rhinitis ............................................ 63
Anthony Peter Sampson

Mechanisms of Action of $\beta_2$ Adrenoceptor Agonists ................. 91
Ian P. Hall and Ian Sayers

Alkylxanthines and Phosphodiesterase 4 Inhibitors for Allergic Diseases ............................................. 105
Mark A. Giembycz

Glucocorticoid Insensitive Asthma ............................................. 133
Sally E. Wenzel

Recalcitrant Asthma ............................................. 145
Sharmilee M. Nyenhuis and William W. Busse

Mechanisms and Management of Exercise-Induced Bronchoconstriction ............................................. 171
John D. Brannan and Paul M. O’Byrne
Use of Theophylline and Sodium Cromoglycate in Adult Asthma
Hironori Sagara, Kenya Kouyama, Takeshi Fukuda, and Sohei Makino

New Insights into Allergen-Specific Immunotherapy in Rhinitis and Asthma
Giovanni Passalacqua and Giorgio Walter Canonica

Sublingual Immunotherapy in Allergic Rhinitis and Asthma
Paul Potter

Anti-IgE in Allergic Airway Diseases: Indications and Applications
Jennifer Preston DeMore and William W. Busse

Drug Delivery Devices and Propellants
Bruce K. Rubin and James B. Fink

Update on the Management of Atopic Dermatitis/Eczema
Sherrif F. Ibrahim, Anna De Benedetto, and Lisa A. Beck

Immunosuppressants as Treatment for Atopic Dermatitis
Bartlomiej Kwiek and Natalija Novak

Management of Anaphylaxis
Phillip Lieberman

Anaphylaxis: Are Regulatory T Cells the Target of Venom Immunotherapy?
Marek Jutel, Mübeccel Akdis, Kurt Blaser, and Cezmi A. Akdis

Food Allergy: Opportunities and Challenges in the Clinical Practice of Allergy and Immunology
Julie Wang and Hugh A. Sampson

Early Immunological Influences on Asthma Development: Opportunities for Early Intervention
Patrick G. Holt

Asthma and Allergy in Childhood: Prediction and Early Diagnosis
Karin C. Lødrup Carlsen and Göran Wennergren

Early Interventions in Allergic Diseases
L. Karla Arruda, Dirceu Solé, and Charles K. Naspitz
Birth Cohort Studies for the Prevention of Allergy: New Perspectives—Where Do We Go from Now? ........................................................................... 397
Mascha Rochat and Erika von Mutius

Novel Immunomodulatory Strategies for the Prevention of Atopy and Asthma ..................................................................................... 417
Susan L. Prescott

Recombinant Allergens for Therapy and Prevention: Molecular Design and Delivery of Allergy Vaccines ............................................ 433
Shyam S. Mohapatra and Shawna A. Shirley

Prevention of Allergic Diseases ..................................................................... 447
Leena von Hertzen and Tari Haahotel

Emerging Nonsteroidal Anti-Inflammatory Therapies Targeting Specific Mechanisms in Asthma and Allergy ............................................... 465
Leif Bjermer and Zuzana Diamant

Part II  Special Considerations in Children, Elderly and Pregnancy

Asthma and Rhinitis in Pregnancy ........................................................................ 485
Vanessa E. Murphy and Peter G. Gibson

Asthma in the Elderly .................................................................................... 499
Charles E. Reed

The Natural History of Childhood Asthma ....................................................... 511
Miles Weinberger and Dirceu Solé

The Wheezing Infant and Young Child ........................................................ 531
Peter J. Helms

Acute Severe Asthma in Children .................................................................. 543
Barbara P. Yawn

Best Estimates of Asthma Control in Children ................................................ 565
Megan E. Partridge and William K. Dolen

Risk-Benefit of Asthma Therapy in Children: Topical Corticosteroids........... 577
Hugo P. Van Bever, Lynette P. Shek, and Daniel Y.T. Goh

Risk-Benefit of Asthma Therapy in Children: Nonsteroidal Anti-Inflammatory Drugs ................................................................. 593
James P. Kemp
The Role of Influenza Vaccination in Asthmatic Children .......................... 611
Herman J. Bueving and Johannes C. van der Wouden

Treatment of Infants with Atopic Dermatitis ............................................. 621
Ulrich Wahn

Diagnosing Food Allergy in Children ............................................................. 635
Dan Atkins

Diagnosis and Treatment of Latex Allergy .................................................... 653
Kevin J. Kelly and Brian T. Kelly

New Aspects of Peanut and Tree Nut Allergy ............................................. 675
Corinne A. Keet and Robert A. Wood

Allergic Fungal Sinusitis: Controversy and Evolution of Understanding with Therapeutic Implications ......................................................... 695
Berrylin J. Ferguson and Arpita Mehta

Immunomodulatory Role of Bacillus Calmette-Guérin in the Prevention and Therapy of Allergy and Asthma ................................................... 713
Toluwalope O. Makinde, Agindra K. Bewtra, and Devendra K. Agrawal

Use of Theophylline and Sodium Cromoglycate in Pediatric Asthma .......... 727
Akihiro Morikawa

Antibody Deficiency Syndromes (Including Diagnosis and Treatment) ....... 737
Kenneth Paris, Lily Leiva, and Ricardo U. Sorensen

Index ........................................................................................................... 755
Allergy Frontiers: Therapy and Prevention
Pawankar, R.; Holgate, S.T.; Rosenwasser, L.J. (Eds.)
2010, 800 p., Hardcover
ISBN: 978-4-431-99361-2
