Contents

Part I  Introduction

1 Building the Global Adaptation Community ................................. 3
   Konrad Otto-Zimmermann

Part II  Describing Impacts at the Local Level

2 Introduction: Describing Impacts at the Local Level ...................... 13
   Lucinda Fairhurst

3 Understanding Potential Climate Change Impacts
   and Adaptation Options in Indian Megacities ........................... 15
   Diana Reckien, Martin Wildenberg, and Kaushik Deb

4 Assessment of Climate Change-Induced Vulnerability
   to Floods in Hyderabad, India, Using Remote Sensing Data .......... 35
   Oleksandr Kit, Matthias Lüdeke, and Diana Reckien

5 The Role of Community Resilience in Adaptation
   to Climate Change: The Urban Poor in Jakarta, Indonesia .......... 45
   Mario Wilhelm

6 Ecohealth and Climate Change: Adaptation to Flooding Events
   in Riverside Secondary Cities, West Africa ............................... 55
   Guéladio Cissé, Brama Koné, Hampaté Bâ, Ibrahima Mbaye,
   Koffi Koba, Jürg Utzinger, and Marcel Tanner

7 Climate Change and Adaptive Capacity of Women
   to Water Stress in Urban Centers of Nigeria:
   Emerging Concerns and Reactions ........................................ 69
   Isaac B. Oluwatayo
8 Urban Climate Strategies Against Future Heat Stress Conditions .......................................................... 79 Lutz Katzschner

9 Climate-Proof Urban Transport Planning: Opportunities and Challenges in Developing Cities ........................................ 91 Urda Eichhorst, Daniel Bongardt, and Montserrat Miramontes

Part III Frameworks for Local Action – Challenges and Proactive Recommendations

10 Introduction: Frameworks for Local Action – Challenges and Proactive Recommendations ........................................ 109 Olivia Tusinski and Alice Balbo

11 Inclusive Adaptation: Linking Participatory Learning and Knowledge Management to Urban Resilience .................. 111 Michaela Hordijk and Isa Baud

12 Urban Adaptation Planning and Governance: Challenges to Emerging Wisdom ...................................................... 123 JoAnn Carmin, David Dodman, Linda Harvey, Shuaib Lwasa, and Patricia Romero-Lankao

13 Urban Climate Change Adaptation in the Context of Transformation: Lessons from Vietnam .................................... 131 Matthias Garschagen and Frauke Kraas

14 Getting Ready for a Changing Climate: Supporting Councillor’s Leadership Role in Adaptation ......................... 141 Joyce Wei Ka Lee

15 Environmental Learning from the Ivory Tower to the Town Square: The Case of Trondheim, Norway .................... 149 Annemie Wyckmans

16 Plan B:altic: A Social-Ecological Approach to Climate Change Adaptation ............................................................. 157 Sonja Deppisch, Sanin Hasibović, and Meike Albers

17 Governance Recommendations for Adaptation in European Urban Regions: Results from Five Case Studies and a European Expert Survey .......................................................... 167 Torsten Grothmann
