## Contents

1 **Introduction** ................................................................. 1  
Charisse Litchman

### Part I  The Identification and Treatment of Desmoid Tumors

2 **Clinical Presentation of Desmoid Tumors** ................................. 5  
Anastasia Constantinidou, Michelle Scurr, Ian Judson  
and Charisse Litchman

3 **Pathology of Desmoid Tumors** ........................................ 17  
Wai Chin Foo and Alexander J. Lazar

4 **APC/β-Catenin Deregulation in Desmoid Tumors: Important Implications for Diagnosis, Prognosis, and Therapy** ........................... 29  
Chiara Colombo and Dina Lev

5 **Imaging Techniques in Desmoid Tumors** .................................. 47  
Robert A. Lefkowitz, Sinchun Hwang and Jonathan Landa

6 **Surgical Management of Desmoid Tumors** ................................. 77  
Paxton V. Dickson and Raphael Pollock

7 **Systemic Therapy in the Treatment of Desmoid Tumors** ............... 91  
Andrea Marrari and Suzanne George

8 **Radiation Therapy for Desmoid Tumors** .................................. 105  
Hani O. Al-Halabi, Yen-Lin Chen, John T. Mullen, Sam S. Yoon,  
Francis J. Hornicek and Thomas F. DeLaney

9 **Interventional Radiology** .................................................. 127  
David S. Pryluck and Joseph P. Erinjeri
Part II  Special Populations with Desmoid Tumors

10 Desmoid Disease in Familial Adenomatous Polyposis ..................................... 147
James Church

11 Desmoid Tumor in Children and Adolescents:  
The Influence of Age  ................................................................. 159
Aaron R. Weiss, Anthony Montag and Stephen X. Skapek

Part III  Considerations for Current and Future Advancement  
in the Search for a Cure

12 Microarrays and High-Throughput Sequencing  
in Desmoid-Type Fibromatosis and Scar ...................................... 181
Robert T. Sweeney and Matt van de Rijn

13 Desmoid Tumors: Are They Benign or Malignant?  ......................... 195
Benjamin Alman

14 The Role of Patient Advocacy Groups in Rare Tumors  
Such as Desmoid Tumors .......................................................... 205
Oakleigh Ryan

Index ................................................................. 217
Desmoid Tumors
