# Contents

## Part I  Environmental Quality Deterioration and Health

1. **Environmental Deterioration and Human Health: An Overview** ........ 3  
   Farhana Masood, Elisabeth Grohmann, Rais Akhtar and Abdul Malik

2. **Environment and Health in Italian Cities: The Case of Taranto** ........ 17  
   Tiziana Banini and Cosimo Palagiano

3. **Environmental Concerns of the Tanning Industry** .......................... 39  
   Farhana Masood and Abdul Malik

4. **Environmental and Health Effects of Textile Industry Wastewater** ..... 55  
   Sana Khan and Abdul Malik

5. **Applications of *Bacillus thuringiensis* for Prevention of**  
   **Environmental Deterioration** ................................................................. 73  
   Showkat Ahmad Lone, Abdul Malik and Jasdeep Chatrath Padaria

## Part II  Pollution and Health

   M. Shafiq Ansari, Maher Ahmed Moraiet and Salman Ahmad

   Melanie Broszat and Elisabeth Grohmann

8. **Persistent Organic Chemicals of Emerging Environmental Concern**  
   .................................................................................................................. 163  
   Luciana Pereira
9 Application of Microorganisms in Bioremediation of Environment from Heavy Metals.......................................................... 215
Katarzyna Hryniewicz and Christel Baum

10 Organochlorine Pesticide Residues in Foodstuffs, Fish, Wildlife, and Human Tissues from India: Historical Trend and Contamination Status.......................................................... 229
V. Dhananjayan and B. Ravichandran

11 Management of Municipal Solid Waste Landfill Leachate: A Global Environmental Issue .......................................................... 263
Meththika Vithanage, S.S.R.M.D.H.R. Wijesekara, A. R. Siriwardana, Soniya S. Mayakaduwa and Yong Sik Ok

Part III Climate Change and Health

12 Climate Change and Migration: Food Insecurity as a Driver and Outcome of Climate Change-Related Migration.............. 291
Celia McMichael

13 Climate Change and Vector Borne Diseases in Latin America....... 315
Ulisses EC Confalonieri and Flávia RL Suassuna Dutra

14 Climate Change and Geoenvironmental Problems in Indian Desert.......................................................... 325
H. S. Sharma

15 Geoeccology of Malaria in India: Historical Perspective and a Case Study of Western Rajasthan.................................................... 335
Rais Akhtar

Part IV Water Quality, Exposure and Health

16 Spring Water Quality and Human Health in Foothill Settlements of Pir Panjal Range in Anantnag and Kulgam Districts of Jammu and Kashmir State, India........................................ 349
G. M. Rather, Rafiq A. Hajam, M. S. Bhat and T. A. Kanth

17 Dietary Exposure to Arsenic as an Anthropogenic Factor: Beyond the Recommended Diet.......................................................... 371
Rebeca Monroy Torres

18 Land-Use Changes and Their Impact on Water Resources in Himalaya.......................................................................................... 389
Bhagwati Joshi and Prakash C. Tiwari

Index................................................................................................................ 401
Environmental Deterioration and Human Health
Natural and anthropogenic determinants
Malik, A.; Grohmann, E.; Akhtar, R. (Eds.)
2014, XV, 421 p. 45 illus., 35 illus. in color., Hardcover
