## Contents

1 Introduction ............................................. 1  
1.1 Two Standard Logical Principles ..................... 1  
1.2 Some Problems ....................................... 3  
1.3 Intensional Contexts and the Role of Intensional Logic .... 5  
1.4 Intensional Logics and Their Rivals .................... 6  
1.5 Intensionality, Intentionality and Metaphysics .......... 9  
References ............................................... 10  

2 Frege’s Theory of Sinn and Bedeutung ..................... 13  
2.1 Frege’s Puzzle, and the Theory of Sinn and Bedeutung .... 13  
2.2 Oblique Contexts ..................................... 17  
2.3 The Adequacy of the Fregean Account ................... 19  
2.4 Chapter Summary ..................................... 26  
References ............................................... 26  

3 Church’s Logic of Sense and Denotation .................... 29  
3.1 Church’s Criteria of Identity for Sinne ................. 29  
3.2 The Logic of Sense and Denotation ..................... 33  
3.3 The Adequacy of Church’s Logic of Sense and Denotation ... 38  
3.4 Chapter Summary ..................................... 47  
References ............................................... 48  

4 Carnap’s Method of Extension and Intension ............... 49  
4.1 Equivalence and L-Equivalence .......................... 49  
4.2 The Method of Extension and Intension .................. 52  
4.3 The Adequacy of Carnap’s Method of Extension and Intension ................................................. 55  
4.4 Chapter Summary ..................................... 62  
References ............................................... 63  

5 Montague’s Possible-Worlds Approach ....................... 65  
5.1 The Possible-Worlds Approach ......................... 65  
5.2 The System IL ........................................ 66

12 Scheffler’s Inscriptionalism

12.1 Scheffler’s Inscriptionalist Analysis

12.2 The Adequacy of Scheffler’s Account

12.3 Some Criticisms Addressed

12.4 Chapter Summary

References

13 An Inscriptional Meta-Language

13.1 Some Preliminary Comments

13.2 The System IM

13.3 The System ISM_L^D

13.4 The System ISM_L^D and Modality

13.5 The System ISM_L^D and the Propositional Attitudes

13.6 The Adequacy of ISM_L^D *

13.7 Chapter Summary

References

Concluding Remarks
