## Contents

1 **Introduction** .......................................................... 1
   1.1 Background ..................................................... 1
   1.2 Some Early Critical Considerations .......................... 2
   1.3 Contemporary Trends in Games for Learning ............... 5
       1.3.1 Serious Games ........................................... 5
       1.3.2 Gamification ............................................ 9
   1.4 Current Educational Context ................................. 12
       1.4.1 Needs .................................................... 12
       1.4.2 Challenges .............................................. 14
   1.5 Overview of This Book ....................................... 16
References .................................................................. 17

2 **Games-to-Teach or Games-to-Learn: What’s the Difference and Why It Matters** .................. 19
   2.1 Games-to-Teach .................................................. 19
   2.2 Interrogating the Thinking Underlying Games-to-Teach. 24
       2.2.1 Epistemological Confusions ............................ 24
       2.2.2 Ontological Errors ...................................... 26
       2.2.3 Anti-praxiological Bias ................................. 30
       2.2.4 Axiological Neutrality ................................ 33
   2.3 Games-to-Learn ................................................... 34
   2.4 The Difference and Why It Matters .......................... 37
References .................................................................. 40

3 **Theory of Game-Based Learning as Performance** ......................................................... 43
   3.1 How People Learn ................................................ 43
       3.1.1 Inadequacy of Human Information Processing .... 44
       3.1.2 Approach of Pragmatism .............................. 46
       3.1.3 Learning from a Social Standpoint ................ 48
3.2 The Performance–Play–Dialog (PPD) Model .......................... 52
  3.2.1 Performance .................................................. 53
  3.2.2 Play ........................................................... 54
  3.2.3 Dialog ......................................................... 55
3.3 Learning as Becoming and the Development of Identity .......... 57
References .............................................................. 59

4 Statecraft X: Learning Governance by Governing .................. 63
  4.1 Learning Citizenship and Governance ........................... 63
    4.1.1 The School Curriculum .................................... 66
    4.1.2 Curriculum Challenges ................................. 67
  4.2 Design for Learning ............................................. 68
  4.3 The Statecraft X Game and Game Play .......................... 71
  4.4 Student Learning Outcomes .................................... 85
  4.5 Facilitating Take-up of the Statecraft X Curriculum in Schools .. 87
References .............................................................. 88

5 Legends of Alkhimia: Engaging in Scientific Inquiry by Being a Chemist .................................................. 91
  5.1 Culture of Learning Chemistry in Schools and the Need for Scientific Inquiry ....................................... 91
    5.1.1 The School Curriculum .................................... 94
    5.1.2 Curriculum Challenges .................................... 95
  5.2 Design for Learning ............................................. 96
  5.3 The Legends of Alkhimia Game and Game Play .................... 101
  5.4 Student Learning Outcomes .................................... 116
  5.5 Reflections on the Legends of Alkhimia Chemistry Curriculum ... 118
References .............................................................. 119

6 Escape from Centauri 7: Reifying Electromagnetic Forces Through Simulation .................................................. 121
  6.1 Learning Electromagnetism ....................................... 121
    6.1.1 The School Curriculum .................................... 122
    6.1.2 Curriculum Challenges .................................... 123
  6.2 Design for Learning ............................................. 124
  6.3 The Escape from Centauri 7 Game and Game Play ............. 126
  6.4 Student Learning Outcomes .................................... 135
  6.5 A Teacher’s Reflection on the Escape from Centauri 7 Curriculum .................................................. 138
References .............................................................. 139
