## Contents

1 **Introduction** .......................................................... 1  
1.1 Service Economy Development: The Structural Factors of China’s Extraordinary Growth in the Future ............... 1  
1.2 External Induced Variables: Global Service Economy Wave .................................................. 4  
1.3 The Practical Adaptability of Service Economy Development in China .............................................. 6  
1.4 Structure Configuration Effect of Service Economy Development: Restrictive Conditions ....................... 8  
1.5 Research Object, Analysis Dimension and Technical Route .......................................................... 9  
1.6 Structure ........................................................................ 13  

2 **Literature Reviews** ..................................................... 15  
2.1 The Research Routes of Service Economy .................. 15  
2.1.1 The Broad Research Routes ................................ 15  
2.1.2 The Narrow Research Routes ............................. 17  
2.2 The Research on the Development of Service Economy 19  
2.2.1 The Development Motivation of Service Economy and Its Features .............................................. 19  
2.2.2 The Various Explanations of the Delayed Development of Service Economy in China .................. 20  
2.2.3 The Relevant Researches on the Promotion of the Development of Service Economy ............... 21  
References .............................................................................. 22  

3 **The Conceptual Bases of the Development Analysis of Service Economy** ................................................. 25  
3.1 Services (Activities) and Service Industry .................. 25  
3.1.1 Services (Activities) and the Classifications ........... 25  
3.1.2 The Service Industry and Its Classifications ........ 30  
3.1.3 The Measure Standards and Features of Modern Service Industry .............................................. 32
3.2 The Connotations and Definition of Service Economy

3.2.1 Service Economy: The Economic Forms in Post-industrial Society

3.2.2 The Definition of Service Economy and Its Connotations

3.2.3 The Measurement of Service Economy

3.3 The Implications and Its Regular Performances in the Development of Service Economy

3.3.1 The Development of Service Economy: The Dual Implications

3.3.2 The Accelerated Development Based on Phase Evolution

3.3.3 The Development of Service Economy and Intensification of Industrial Structure

4 Motive Analysis of the Development of Service Economy

4.1 Motive Analysis of Demand

4.1.1 Demand for Service Consumption and Its Income Elasticity

4.1.2 Intermediate Demand for Service

4.2 Motive Analysis of Supply

4.2.1 Human-Capital-Biased Technological Progress

4.2.2 Service Innovation Lead by Technology Application

4.3 Analysis of Other Factors

4.3.1 Service Price

4.3.2 Industry Development Policy

4.3.3 Resources and Environmental Condition

5 Service Industry Evolution Mechanism and Track Characteristics

5.1 Service Economy Evolution Mechanism

5.1.1 Deepening Division Mechanism

5.1.2 Industry Convergence

5.1.3 Business Transformation

5.2 The Evolution Process of Service Economy and Its Orbit Characteristics

5.2.1 The Evolution of Servicization During the Industrialization and Urbanization Period

5.2.2 Theoretical Explanation of the Non-linear Evolitional Characteristics

References
6 The Basic Features of Service Economy Development

6.1 Features of Growth Morphology

6.1.1 The Innovation-Driven Based on Human Capital

6.1.2 Moderation, Steady and Sustainable Growth

6.1.3 The Duality of Growth Structure

6.2 Industry Development Characteristics

6.2.1 The Dominant Knowledge Intensive Business Service

6.2.2 The Development of Industrial Service-Oriented

6.3 Spatial Distribution

6.3.1 The Urban Agglomeration Based on Networking

6.3.2 Agglomeration of High-Density Urban Centers and Rural Agglomeration Point

References

7 The Deviation of Service Economy Evolution: China Case

7.1 China’s Service Industry Development Status

7.1.1 Total Growth and Internal Structural Changes

7.1.2 Analysis of Characteristics of Service Industry Association

7.2 Deviation from the Trajectory of Evolution

7.2.1 Performance and Features

7.2.2 The Nature of Deviation in Evolutionary Trajectory

8 Traditional Development Modes and Service Economy

8.1 The Traditional Development Modes

8.1.1 The Essential Features of Traditional Development Modes

8.1.2 The Leap Development Modes in a Closed Economic Condition

8.1.3 The Export-Oriented Development Mode in an Open Economic Condition

8.2 The Structural Distortion of Non-balanced Investment Drive

8.2.1 The Imbalance Between Industrialization and Urbanization

8.2.2 The Strong Substitution of Capitals to Labors

8.3 The Restraint Effect by the Development of Service Economy

8.3.1 The Restraint Effect Caused by Industrialization Rather Than Urbanization
9 The Market Bases for the Development of Service Economy ....... 163
9.1 The System Environment for Service Economy ............... 163
  9.1.1 The Matured Foundations of Market System .............. 163
  9.1.2 The Full Protection of Property Rights and Reasonable Regulations .................. 166
9.2 The Realistic Performances of Insufficient Marketization ..... 168
  9.2.1 The Marketization Measurements in System Transformation .................. 168
  9.2.2 The Degrees of Marketization in the Field of Services .................. 173
9.3 The Insufficient Marketization and the Hysteric Development of Service Economy ................. 178
  9.3.1 Service Demand Inhibition .................. 179
  9.3.2 The Inhibition of Service Supply ................. 180
References ........................................................................ 182

10 The Institution and Policy Environment of Service Economy’s Development .................. 183
10.1 Tax System ................................................. 183
  10.1.1 The Impact of Business Tax .................. 183
  10.1.2 Influences of Income Tax .................. 186
10.2 Social Credit Institution ...................................... 187
  10.2.1 Delay in Credit Institution Building and Its Restriction .................. 187
  10.2.2 Imperfection of Credit Guarantee Mechanism .................. 189
10.3 Market Access and Its Supervision Institution ................. 190
  10.3.1 Market Access Institution .................. 190
  10.3.2 Supervision Model and Its Institutes ................. 193
10.4 Other Related Institutions .................................... 194
  10.4.1 Service Industry’s Statistical System .................. 195
  10.4.2 Information Collection, Disclosure System .................. 198
Reference ........................................................................ 200

11 The Development of Service Industry in the Non-balanced Economic Growth .................. 201
11.1 The Relative Hysteresis of Service Industry in Its Contribution to Economy Growth .................. 201
  11.1.1 The Cost Disease in Service Sectors .................. 201
  11.1.2 The Production Model of Unbalanced Growth and the Concerned Analysis .................. 204
