**International Journal of Multimedia Information Retrieval (IJMIR)**

*Accepting submissions at* [http://www.springer.com/computer/journal/13735](http://www.springer.com/computer/journal/13735)

*Submit online at* [https://www.editorialmanager.com/mmir/](https://www.editorialmanager.com/mmir/)

IJMIR is a peer-reviewed scientific journal for illuminating the latest advances in the area of multimedia information retrieval. It is published quarterly in print and digitally. All articles must be high quality, original papers which address important issues in multimedia exploration, summarization, search, and retrieval including, but not limited to:

- **Search and retrieval** - images, video, audio, multi-modal systems
- **Exploration and mining of media archives** - browsing, experiential computing
- **Social media interaction and retrieval** - collaborative filtering, social voting and ranking
- **User studies** - studies of multimedia seeking behavior and expectations
- **Interfaces** - multimedia exploration, visualization, query and retrieval
- **Scientific and Bio-imaging** - MRI, X-ray, ultrasound imaging analysis and retrieval
- **Interactive search** - learning and relevance feedback in multimedia retrieval
- **Applications** - WWW mining, cultural heritage, etc.

**Editor-In-Chief:** Michael S. Lew, Leiden University, The Netherlands

**Senior Editors:**
Thomas S. Huang, University of Illinois at Urbana-Champaign, USA
Ramesh Jain, University of California at Irvine, USA

**Section Editors:**
Erwin M. Bakker, Leiden University, The Netherlands
Mark Zhang, SUNY Binghamton, USA

**Editorial Board:**
Kiyo Aizawa, University of Tokyo, Japan
Alberto del Bimbo, University of Florence, Italy
Shih-Fu Chang, Columbia University, USA
Tat-Seng Chua, National University of Singapore, Singapore
Peter Enser, University of Brighton, UK
Alan Hanjalic, Delft University of Technology, The Netherlands
Richard Harvey, University of East Anglia, UK
Horace Ip, City University of Hong Kong, China
Corinne Jorgensen, Florida State University, USA
Joemon Jose, University of Glasgow, UK
Ying Li, IBM Research
Paul Lewis, University of Southampton, UK
S. Marchand-Maillet, University of Geneva, Switzerland
Stefanie Nowak, Fraunhofer IDMT, Germany
Vincent Oria, New Jersey Institute of Technology, USA
Stefan Rueger, Knowledge Media Institute, UK
Yong Rui, Microsoft Research
Shin'ichi Satoh, National Institute of Informatics, Japan
Malcolm Slaney, Yahoo! Research, USA
George Tzanetakis, University of Victoria, Canada
