

Disclosure of Interest and Ethical Standards Form: Child and Adolescent Social Work Journal

Disclosure of Interest

Authors must provide details of any financial or personal relationships that might bias the work being submitted. In a section of text preceding the References and also in the table below, please provide relevant information for each author. For example: Author A has received speaker honoraria and a research grant from device company X. Author B serves on an advisory board and owns stock in drug company Z. Author C owns the company whose employees served as study therapists. Authors D, E, and F declare that they have no conflicts to report.

Author	Description of Interest/Arrangement

Ethical Standards and Informed Consent

For studies involving human subjects, please indicate in the manuscript, in a section preceding the References, that "all procedures followed were in accordance with the ethical standards of the responsible committee on human experimentation (institutional and national) and with the Helsinki Declaration of 1975, as revised in 2000. Informed consent was obtained from all patients for being included in the study." If any identifying information about participants is included in the article, the following sentence should also be included: "Additional informed consent was obtained from all individuals for whom identifying information is included in this article." If you have not included or cannot include this statement in your manuscript, please provide the reason or an alternative statement here and in the manuscript:

Informed Consent Statement:

Acknowledgments

Acknowledgments should be included in a separate section of the manuscript preceding the References. For each source of funds, both the research funder and the grant number should be given. In addition to including this information on your manuscript, please enter your complete acknowledgments here:

Acknowledgments:
