

The Frontiers Collection

Publish your next book in this series!

Aims and Scope

The books in this collection are devoted to challenging and open problems at the forefront of modern science, including related philosophical debates. In contrast to typical research monographs, however, they strive to present their topics in a manner accessible also to scientifically literate non-specialists wishing to gain insight into the deeper implications and fascinating questions involved. Taken as a whole, the series reflects the need for a fundamental and interdisciplinary approach to modern science. Furthermore, it is intended to encourage active scientists in all areas to ponder over important and perhaps controversial issues beyond their own speciality.

Extending from quantum physics and relativity to entropy, consciousness and complex systems -- the Frontiers Collection will inspire readers to push back the frontiers of their own knowledge.

Series Editors

A.C. Elitzur, L. Mersini-Houghton, M. Schlosshauer, M.P. Silverman, J. Tuszynski, R. Vaas, H.D. Zeh

We look forward to receiving your book proposal for The Frontiers Collection.
Please contact your Publishing Editor, Dr. Angela Lahee: angela.lahee@springer.com

Get Read. Publish With Springer.

When you publish with Springer your work gets the attention it deserves:

- ▶ dedicated and professional editorial guidance
- ▶ standardized production processes and speedy publication
- ▶ immediate global visibility and availability
- ▶ royalties reflecting a diversity of revenue streams

Do you want the widest possible continuous readership for your book?

When you publish with us, your work will:

- ▶ always be available in print with print-on-demand
- ▶ be accessible 24/7 worldwide online and on e-reading devices
- ▶ be available to students and peers for 24.95 EUR/USD

Let your book benefit from being part of the largest STM eBook Collection

Springer's world-leading and highly interdisciplinary eBook Collection is widely used in academic, corporate and governmental libraries. Your eBook will benefit from cross-linking and increased usage through seamless integration with other content on our online content platform SpringerLink.

SpringerLink generates 450 million visits per year, and the Collection has:

- ▶ more than 44,000 eBooks currently available (textbooks, monographs, edited volumes, proceedings)
- ▶ more than 180 online reference works currently available
- ▶ approximately 6,000 new eBooks added per year
- ▶ more than 2,500 online journals

When you publish your book with Springer you will profit from the high usage and visibility of this Collection.

The average number of chapter downloads per eBook in this Collection was 1,409 in 2009.

Your eBook will also be fully hyperlinked and conveniently searchable, qualities that have made eBooks a widely adopted format.

MyCopy – your book available for 24.95 EUR/USD

Springer offers readers a convenient way to obtain a printed version of your eBook file for personal use: MyCopy.

It allows library patrons to order a softcover for 24.95 EUR/USD, provided their library has access to Springer's eBook Collection.

The MyCopy service is expanding and is currently available in 20 countries. See springer.com/mycopy

This unique format will boost the popularity of your book.

How we help you get more readers

We are committed to optimizing the visibility of your book; our ongoing efforts include:

- ▶ free online review copies for magazines and journals
- ▶ promotional flyer in convenient PDF format
- ▶ inclusion in Google's eBookstore
- ▶ distribution through Amazon, with "Look Inside" feature and Kindle edition
