The Opioid Crisis and Safe Pain Management in Musculoskeletal Health

A Special Issue of HSS Journal®

Guest Editor: Seth Waldman, MD, Department of Anesthesiology, Hospital for Special Surgery

In October 2017 the opioid crisis was deemed a national public health emergency. HSS Journal, the Musculoskeletal Journal of Hospital for Special Surgery, is devoting an upcoming issue to articles representing multidisciplinary, interprofessional perspectives on opioid use and misuse, safe prescribing, and pain management.

The journal invites you to submit original research and review articles in the following areas:

■ Innovative management of chronic and postsurgical pain
■ Best practices for working with opioid tolerant, dependent, or addicted patients
■ Use of prescription drug monitoring programs (PDMPs)
■ Education of prescribers and patients on safe opioid use
■ Legal, regulatory, and policy perspectives on addressing the opioid crisis

Submission Deadline: June 1, 2018

HSS Journal publishes articles that contribute to the advancement of the knowledge of musculoskeletal diseases and encourages submission of manuscripts from all musculoskeletal disciplines.
