
In Remark 2.1.2 (Chapter 2) reference has been made to the paper [7] in connection with irregular situations illustrated in Figures 2.4 and 2.5. The extensive analysis of these situations has been given by L.A. Ostrovsky et al long before (see Ostrovsky, L.A., Stepanov, N.S.: Nonresonance parametric phenomena in distributed systems. Radiophysics and quantum electronics, 14, 387-419 (1971). Izv. Vysshikh Uchebnykh Zavedeniiv, Radiofizika, 14, 489-529 (1971)).
An Introduction to the Mathematical Theory of Dynamic Materials
Lurie, K.A.
