**Mammalian Genome** focuses on experimental, theoretical, and technical aspects of genomics and genetics in mouse, human, and other species, particularly those which bear on studies of gene function. The journal publishes original papers that present novel findings in all areas of mammalian genetic research as well as reviews on areas of topical interest. The journal also features commentary and editorial to alert and inform readers of developments in the areas of mammalian genetics and functional genomics.

Coverage emphasizes gene structure and expression studies; mutagenesis, the characterization of new mutations and the identification of animal models of human genetic disorders; genetic, physical, and comparative mapping, particularly for the study of gene function; genetic analysis of complex traits; informatics related to genome analysis and functional genomics; novel technical approaches.

Mammalian Genome is the official journal of the International Mammalian Genome Society.

Cancellations are not accepted after the closing date for space reservations. If an advertiser fails to provide new artwork for a particular issue by the printed deadline (or a pre-approved extension granted by the publisher), then the publisher will pick up the most recent artwork provided. If no artwork is on hand, then the advertiser will still be responsible for payments on space.

**Acceptance Policy:** The Publisher reserves the right to review and reject any advertising submitted to the journal which it deems as inappropriate for editorial content.

ONLINE ADVERTISEMENTS target the most active members of your target audience as they source information. Springer is a worldwide leader for providing dependable, essential e-information. Connect with your target audience with our online advertising options, or create a more robust impact with both print and online ads.

Our Advertising team focuses on two online advertising options:

**Banner Ads** - An embedded ad placed on our research site SpringerLink.com. Sized at 160x600, these ads are positioned on the top right of our web pages directly adjacent to our content listing. The new, wider skyscraper position will guarantee attention on your brand.

**e-TOC Alert** - An EXCLUSIVE right to advertise in our reader-subscribed email blast, on a per issue purchase basis. This alert details a summary of future content in the upcoming journal issue. Sized at 468x60, it is placed directly above the content listing in the email. These alerts have the highest click-through rates of all Springer e-products.
