- [Proceedings Published in LNCS](#) – Original research results reported in proceedings and post-conference proceedings are the core of the Lecture Notes in Computer Science series. Many such conferences are the leading events in their fields. This document links to the non-exclusive lists of conferences with proceedings published in the LNCS series since 2003 upto planned ones in 2012. The conferences are listed in the following date order:

- [List for 2003/2004](#) (PDF, 546 kB)
- [List for 2005/2006](#) (PDF, 285 kB)
- [List for 2007/2008](#) (PDF, 348 kB)
- [List for 2009](#) (PDF, 183 kB)
- [List for 2010](#) (PDF, 189 kB)
- [List for 2011/2012](#) (PDF, 220 kB)

- While we try to ensure that the information in the above mentioned lists is accurate, we strongly advise that you check with the relevant conference organizers before making any work or travel plans, etc. You can [click on the conference acronyms](#) to redirect to the conference Web pages.
- Conferences of previous years can be found via the links above or on [our website](#).
