

If your submission to *Demography* is funded by NIH:

... you will be required to deposit the final manuscript of your article in [PubMed Central](#), and ensure free availability (open access) within 12 months of publication. Like all Springer journals, *Demography* is perfectly ready to meet this requirement and gives you two options to comply:

Option 1:

If you choose to publish your article as open access within the [Springer Open Choice program](#), Springer deposits the final published version of your article into PubMed Central and it is made publicly accessible. The copyright will remain with you and the article will be published under the Creative Commons Attribution License. The cost of Springer Open Choice (USD 3000/ EUR 2200) is – as stated on the NIH web site – a permissible cost in your grant.

Option 2:

If you choose to publish your article with the traditional subscription based model, like *Demography* (without open access), you can notify Springer to deposit the author's accepted version of your article into the NIH Manuscript Submission System, from where it will be sent to PubMed Central and made publicly available 12 months after publication. Within Springer's MyPublication* Process we will inform you on how to notify us easily. Please note that we require your full NIH grant number and can only process requests with a full and properly formed grant number. An example would be: 'R01 GM012345-03'. You only need to enter one NIH grant number. The additional one(s) can be included in a later stage. When your article is uploaded to the NIH Manuscript Submission System, the NIH funded author will receive email notification from the NIH Manuscript Submission System, asking for approval of the upload. Once you approve the upload, your article is loaded into PubMed Central. You will then be able to find the PMCID by searching for your article.

Please note that all PubMed Central content is mirrored at UK PubMed Central. If we submit your article to PubMed Central, it will appear in UK PubMed Central as well. Please also note that the 12 month embargo will commence as soon as your article is published in an issue.

***MyPublication Process – How does it work?**

Shortly after your article has been accepted for publication in *Demography*, you will be sent an Email with a link to the Springer "MyPublication" process.

Important Announcement

Dear Author,

Thank you for publishing with Springer. This message is to let you know that your article

- Article title: Test article title
- DOI: 10.1007/s10974-012-0408-1

has gone into production. Before we can send you your proofs, we have to ask you to provide some additional information. Please go to the following website (you may need to copy and paste the URL into your browser): <http://www.stage.sgw.artnology.com/home?SGWID=0-0-1003-0-0&aqlid=2225761&checkval=6c954e7bfc612cc78e6e9fcaa05fd7c0>

so as to indicate whether you wish to

- order Open Access, i.e., make the published version of the article available with open access for a fee or as part of an institutional arrangement
- order paper offprints or e-offprints of your article upon issue publication
- order poster of your article with issue cover page, article title and the authorship
- order printing of figures in color in the journal

and to

- transfer the copyright of your article (if you do not order Open Access)

In order for the publication of your article to proceed you must go to the above website and complete the request. The entire process should take about 10 minutes.

You can help us facilitate rapid publication by returning your answers within 2 working days.

PLEASE NOTE: This link expires WITHIN 7 DAYS after this e-mail has been sent to you so please make sure you complete the request before this date.

This is an automated e-mail; please do not reply to this account. If you have any questions, please go to our [help pages](#).

Thank you very much.

Kind regards,

Springer Author Services

The link will direct you to the MyPublication Process and as you can see below this process involves completing a few steps before the article can be finalized and published online first.

The screenshot shows the Springer MyPublication website. At the top left is the Springer logo. The top right shows the user is logged in as 'john@doe.com' with a 'LOGOUT' link. A navigation bar includes 'HOME | MY SPRINGER | SUBJECTS | SERVICES | IMPRINTS & PUBLISHERS | ABOUT US |'. A search bar is present with a 'GO' button and an 'Advanced Search' link. The main content area is titled 'MyPublication' and includes a 'CONTACT US |' link and a list of services: 'Affiliation', 'Open Choice', 'Copyright Transfer', 'Offprint/Color Order', 'Billing/Shipping', and 'Confirm'. A 'Welcome to MyPublication' section features a thumbnail of a journal cover for 'Journal of Muscle Research and Cell Motility' and a message to 'Dear John Doe, Thank you for publishing your paper in one of Springer's journals.' Below this, article details are listed: 'Article Title: Test article title', 'Journal: Title It sco', and 'DOI: 10.1007/s10974-012-0408-1'. A 'Make Your Choice' section explains the need for further information and lists options like 'Please indicate if you would like to publish your article as open access with Springer's Open Choice option'. A 'START NOW' button is located at the bottom of this section. A footer section titled 'THE LANGUAGE OF THE WEB PAGES IS NOT ENGLISH WHAT SHOULD I DO?' provides instructions for non-English users. The bottom of the page contains a footer with links for 'Help | Logout | Contact | Shopping cart | About us | Terms & conditions, revocation | Impressum | Privacy statement | Sitemap' and the copyright notice '© Springer is part of Springer Science+Business Media'.

WELCOME TO MYPUBLICATION

Dear John Doe,
Thank you for publishing your paper in one of Springer's journals.

Article Title: Test article title
Journal: Title It sco
DOI: 10.1007/s10974-012-0408-1

Journal of Muscle Research and Cell Motility

Make Your Choice

In order to facilitate the production and publication of your article we need further information from you relating to:

- Please indicate if you would like to publish your article as open access with Springer's Open Choice option (by paying a publication fee or as a result of an agreement between your funder/institution and Springer).
- Please transfer the copyright, if you do not publish your articles as open access
- Please indicate if you would like to have your figures printed in color.
- Please indicate if you would like to order offprints.

Answering the questions on the next few pages will take approximately 10 minutes of your time.

Please note: Be sure to complete the entire process until you get to the confirmation page. The subsequent production of your article depends on the finalization of the MyPublication process.

Please see our FAQ page if you have questions or problems completing the forms.

START NOW

THE LANGUAGE OF THE WEB PAGES IS NOT ENGLISH WHAT SHOULD I DO?

Please click on the link provided in the first mail you received from us, confirming that your article has gone to production.

In the top right-hand corner please select your country/region from the dropdown menu - the problem should then be solved.

Springer's Open Choice Option for Open Access [BACK](#)

In Springer journals you have the choice of publishing with or without open access. If you choose open access, your article will be freely available to everyone everywhere. In exchange for an open access fee of € 2000 / US \$3000 you retain the copyright and your article will carry the Creative Commons License. Please make your choice below.

<p>I want to order Open Access</p> <p>Your and your readers' benefits:</p> <ul style="list-style-type: none"><input type="checkbox"/> Your article is freely available.<input type="checkbox"/> No copyright transfer needed.<input type="checkbox"/> Automatic depositing into PubMed Central.<input type="checkbox"/> Easy compliance with open access mandates. <p><input type="checkbox"/> I acknowledge that publishing my article with open access costs € 2000 / US \$3000 and that this choice is final and cannot be cancelled later.</p> <p><input type="checkbox"/> I agree to publish my article as open access under the Creative Commons Attribution License. I warrant that my contribution is original and I sign for and accept responsibility for releasing this material on behalf of any and all co-authors.</p> <p style="text-align: center;">CONTINUE</p>	<p>I do not want to order Open Access.</p> <p>Your article will be available to journal subscribers only.</p> <p>I am NIH funded.</p> <p><input checked="" type="radio"/> No</p> <p><input type="radio"/> Yes</p> <p style="text-align: center;">CONTINUE</p>
---	---

If you answer this question with "yes" you will be directed to the next page where you are asked to fill in your NIH grant number.

Are you funded by the US National Institutes of Health (NIH)? [BACK](#)

If you are funded by the National Institutes of Health and choose to publish your article with the traditional subscription-based model (without open access), we are happy to deposit the accepted manuscript version of your article into the repository PubMed Central/UK PubMed Central.

If you are not funded or employed by the NIH, you do not need to fill in this form.

- The article will be opened up 12 months after publication.
- Your article will be uploaded to the NIH Manuscript Submission System automatically.
- Once your article is uploaded, you will receive an email notification from NIHMS, asking for your approval.
- As soon as the article is displayed at PubMedCentral, you are able to find the PMCID by searching for your article.

Here you can provide your NIH grant number.

Please note that we can only process requests containing properly formed grant numbers. An example would be: 'R01 GM012345-03'.

NIH grant number*

In case you missed these steps: no worries. Just before the MyPublication Process is finished you get another chance to click: "For authors of the National Institute of Health" to complete the details so Springer can deposit your article for you.

CONTACT US |    

Thank you

Dear Springer Author,

Thank you for your order. A confirmation containing your order details will be sent to you by email. If you would like to change your offprint order at a later stage (but before printing of the journal issue your article is published in) you may do so by logging in to your MySpringer account.

For authors of The National Institute of Health

If you are funded by NIH and have not ordered open access please click here.

Article Tracking for Journal Authors

Track the status of your article as it moves through production. Log in to MySpringer

NEXT STEPS: ONLINE ARTICLE TRACKING

As a corresponding author you will be able to track the status of your article via your personal springer.com account, once your article has been accepted to one of our journals. Please go to MY SPRINGER (at the top of this page), select SERVICES & SEARCHES and "Article Tracking".

NEXT STEPS: DELIVERY OF ARTICLE PROOFS

You will receive your page proofs approximately two weeks after finishing the MyPublication process. The proofs are received via e-mail with a hyperlink directly from the typesetter. The proof corrections can be sent online or through fax.

The purpose of the proof is to check for typesetting or conversion errors and the completeness and accuracy of the text, tables and figures. The typesetter will insert queries in the proofs wherever clarifications are required from the author

You will be asked to proofread your article and return the proofs with your comments and/or corrections to the typesetter
