Environmental Economics and Policy Studies

The Official Journal of the Society for Environmental Economics and Policy Studies / The Official Journal of the East Asian Association of Environmental and Resource Economics

Managing editors: I. Matsukawa; S. Managi

- ▶ Provides an international forum for debates among diverse disciplines
- ▶ Encourages integration of theoretical and policy studies on environmental issues
- ▶ Fosters interdisciplinary works on environmental issues
- ▶ Offers reports from Asian countries where environmental destruction has been partly overcome
- ▶ Official journal of the Society for Environmental Economics and Policy Studies

As the official journal of the Society for Environmental Economics and Policy Studies and the official journal of the East Asian Association of Environmental and Resource Economics, it provides an international forum for debates among diverse disciplines such as environmental economics, environmental policy studies, and related fields. The main purpose of the journal is twofold: to encourage (1) integration of theoretical studies and policy studies on environmental issues and (2) interdisciplinary works of environmental economics, environmental policy studies, and related fields on environmental issues. The journal also welcomes contributions from any discipline as long as they are consistent with the above stated aims and purposes, and encourages interaction beyond the traditional schools of thought.
