Innovative Higher Education presents fresh ideas in higher education in a straightforward and readable fashion. The journal features descriptions and evaluations of current innovations and provocative new ideas with relevance for action beyond the immediate context in higher education. It also focuses on the effect of such innovations on teaching and students.

Innovative Higher Education publishes diverse forms of scholarship and research methods by maintaining flexibility in the selection of topics deemed appropriate for the journal. It strikes a balance between practice and theory by presenting articles in a readable and scholarly manner to both faculty and administrators in the academic community.
