Journal of Community Health
The Publication for Health Promotion and Disease Prevention
Editor: P.J. Imperato

- Analyzes community health with original articles on the practice, teaching, and research
- Covers preventive medicine, environmental factors, health care delivery, and health maintenance and health insurance programs
- Discusses projects having a significant impact on the education of health personnel
- 97% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

The Journal of Community Health, a peer-reviewed publication, offers original articles on the practice, teaching, and research of community health. Coverage includes preventive medicine, new forms of health manpower, analysis of environmental factors, delivery of health care services, and the study of health maintenance and health insurance programs. Serving as a forum for the exchange of ideas and clarification, the journal features articles on projects that make a significant impact on the education of health personnel.

Impact Factor: 1.388 (2016), Journal Citation Reports®
