Journal of Mathematical Sciences

► Integrates authoritative reports on current mathematical advances from outstanding Russian-language publications
► Covers a wide range of topics, including from mathematical analyses to number theory
► A valuable resource for pure and applied mathematicians, statisticians, systems theorists and analysts, and information scientists
► 91% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

*Journal of Mathematical Sciences* provides English translations from outstanding Russian- and Ukrainian-language publications of authoritative reports on current mathematical advances. Articles cover a wide range of topics, including mathematical analyses, probability, statistics, algebra, geometry, mathematical physics, wave propagation, stochastic processes, boundary value problems, linear operators, and number and function theory. See the Aims & Scope for information on the Russian- and Ukrainian-language publications covered by the *Journal of Mathematical Sciences*.

The journal is a valuable resource for pure and applied mathematicians, statisticians, systems theorists and analysts, and information scientists.
