Coverage includes substance abuse, mental health, HIV/AIDS, accidents, teenage pregnancy, suicide, delinquency, STD's and more.
The journal also publishes literature reviews, theoretical articles, meta-analyses, systematic reviews, book reports, and papers concerning new developments in methodology.

Prevention Science is the official publication of the Society for Prevention Research.

Prevention sciences encompassing etiology, epidemiology and intervention are represented through peer-reviewed original research articles on a variety of health and social problems, including but not limited to substance abuse, mental health, HIV/AIDS, violence, accidents, teenage pregnancy, suicide, delinquency, STD's, obesity, diet/nutrition, exercise, and chronic illness. The journal also publishes literature reviews, theoretical articles, meta-analyses, systematic reviews, brief reports, replication studies, and papers concerning new developments in methodology.

Impact Factor: 2.594 (2017), Journal Citation Reports®
