Editor-in-Chief: V.D. Kuznetsov

- ▶ Covers interplanetary space; geoeffective solar events; the magnetosphere; the ionosphere; the upper and middle atmosphere and more
- ▶ Presents results of research from Russia, other NIS countries, and the international geophysical community
- ▶ Established in 1961

Geomagnetism and Aeronomy is a bimonthly periodical that covers the fields of interplanetary space; geoeffective solar events; the magnetosphere; the ionosphere; the upper and middle atmosphere; the action of solar variability and activity on atmospheric parameters and climate; the main magnetic field and its secular variations, excursion, and inversion; and other related topics.

PEER REVIEW

Geomagnetism and Aeronomy is a peer reviewed journal. We use a single blind peer review format. Our team of reviewers includes 98 experts. The average period from submission to first decision in 2018 was 28 days, and that from first decision to acceptance was 60 days. The rejection rate for submitted manuscripts in 2018 was 15%. The final decision on the acceptance of an article for publication is made by the Editorial Board.

Any invited reviewer who feels unqualified or unable to review the manuscript due to the conflict of interests should promptly notify the editors and decline the invitation. Reviewers should formulate their statements clearly in a sound and reasoned way so that authors can use reviewer's arguments to improve the manuscript. Personal criticism of the authors must be avoided. Reviewers should indicate in a review (i) any relevant published work that has not been cited by the authors, (ii) anything that has been reported in previous publications and not given appropriate reference or citation, (ii) any substantial similarity or overlap with any other manuscript (published or unpublished) of which they have personal knowledge.

Impact Factor: 0.669 (2018), Journal Citation Reports®
