

## **SpringerBriefs in Intelligent Systems**

Artificial Intelligence, Multiagent Systems, and Cognitive Robotics

Series Editors: G. Weiss, K. Tuyls

This series covers the entire research and application spectrum of intelligent systems, including artificial intelligence, multiagent systems, and cognitive robotics. Typical texts for publication in the series include, but are not limited to, state-of-the-art reviews, tutorials, summaries, introductions, surveys, and in-depth case and application studies of established or emerging fields and topics in the realm of computational intelligent systems. Essays exploring philosophical and societal issues raised by intelligent systems are also very welcome.
