

Frontiers in Probability and the Statistical Sciences

Editor-in-chief: S. Datta

Series Editors: F.G. Viens, D.N. Politis, K. Fokianos, M. Daniels

The "Frontiers" is a new series of books (edited volumes and monographs) in probability and statistics designed to capture exciting trends in current research as they develop. Some emphasis will be given on novel methodologies that may have interdisciplinary applications in scientific fields such as biology, ecology, economics, environmental sciences, finance, genetics, material sciences, medicine, omics studies and public health.
