**Folia Microbiologica**  
Official Journal of the Institute of Microbiology, Academy of Sciences of the Czech Republic and Czechoslovak Society for Microbiology  
Editor-in-Chief: J. Matějů

- Official journal of the Institute of Microbiology, Academy of Sciences of the Czech Republic
- Takes an open approach that covers virtually all branches of the field
- Offers English-language original articles, reviews and short communications
- Explores practical applications of both cutting-edge and established methods
- 92% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

This journal takes an open approach that spans general, soil, medical and industrial microbiology, plus some branches of immunology. *Folia Microbiologica* is an English-language journal and publishes original articles, reviews and short communications.

The coverage includes cutting-edge methods and promising new topics, as well as studies using established methods that exhibit promise in practical applications such as medicine, animal husbandry and more. The coverage of FM is expanding beyond Central and Eastern Europe, with a growing proportion of its contents contributed by international authors.

*Folia Microbiologica* is the official journal of the Institute of Microbiology, Academy of Sciences of the Czech Republic.
