Harm Reduction Journal

Editor-in-Chief: N. Crofts

- ▶ **Affiliated with Harm Reduction International and the Harm Reduction Coalition**
- ▶ **Top open-access journal in field**
- ▶ **Indexed in Clarivate Analytics JCR, Social Sciences Citation Index, MEDLINE, PubMed, PubMed Central, Embase, EmCare, Medscape, PsycINFO, Scopus**

Harm Reduction Journal publishes research focusing on the prevalent patterns of psychoactive drug use, the public policies meant to control them, and the search for effective methods of reducing the adverse medical, public health, and social consequences associated with both drugs and drug policies. We define 'harm reduction' as 'policies and programs which aim to reduce the health, social, and economic costs of legal and illegal psychoactive drug use *without necessarily reducing drug consumption*'.

Impact Factor: 2.500 (2017), Journal Citation Reports®

Giving authors in their area of expertise the opportunity to publish open access

Electronic access

- ▶ harmreductionjournal.biomedcentral.com

- ▶ High visibility thanks to unrestricted online access
- ▶ Rigorous peer-review and high-quality author services
- ▶ Creative Commons licensed – authors retain copyright
- ▶ Citation tracking and inclusion in bibliographic databases
- ▶ Easy compliance with open access mandates
