Annals of Microbiology

Editor-in-Chief: F. Cappitelli

- ▶ A long-established journal covering fundamental and applied microbiology
- ▶ Includes bacteria, fungi, microalgae, and bacteriophages
- ▶ No publication charges for regular articles (for extra services see our Instructions for Authors)
- ▶ Originally founded as *Annali Di Microbiologia Ed Enzimologia* in 1940
- ▶ 98% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

Annals of Microbiology covers these fields of fundamental and applied microbiology:

general, environmental, food, agricultural, industrial, ecology, soil, water, air and biodeterioration.

The journal's scope does not include medical microbiology or phytopathological microbiology.

Papers reporting work on bacteria, fungi, microalgae, and bacteriophages are welcome.

Annals of Microbiology publishes Review Articles, Original Articles, Short Communications, and Editorials.

Originally founded as *Annali Di Microbiologia Ed Enzimologia* in 1940, **Annals of Microbiology** is an official journal of the University of Milan.

Impact Factor: 1.407 (2017), Journal Citation Reports®
