Updates in Surgery
Editor-in-Chief: F. Basile; F. Calise

- Thorough coverage of current clinical practices and developments in general surgery
- Examines related topics including surgical procedures, operative approaches, patient selection and more
- Official Journal of the Italian Society of Surgery

Updates in Surgery is an international journal which disseminates news of current clinical practices and developments across the broad topic of general surgery. Designed specifically for surgeons, the journal covers surgery-related topics including surgical procedures, operative approaches, patient selection and bio-technologies.

The journal presents original and review articles, case reports, technical notes, and letters to the editor.

Updates in Surgery is the official journal of the Italian Society of Surgery.
