## Demography

Editor-in-Chief: M.D. Hayward

- ▶ **Most cited journal in the field (source ISI)**
- ▶ **Number One Journal in Demography**
- ▶ **Official Journal of the Population Association of America (PAA)**
- ▶ **Characterized by the highest methodological standards for population-based research**

Since its founding in 1964, the journal *Demography* has mirrored the vitality, diversity, high intellectual standard and wide impact of the field on which it reports.

*Demography* presents the highest quality original research of scholars in a broad range of disciplines, including anthropology, biology, economics, geography, history, psychology, public health, sociology, and statistics. The journal encompasses a wide variety of methodological approaches to population research. Its geographic focus is global, with articles addressing demographic matters from around the planet. Its temporal scope is broad, as represented by research that explores demographic phenomena spanning the ages from past to present, and reaching toward the future.

Published bimonthly, *Demography* is the flagship journal of the Population Association of America, reaching the membership of one of the largest professional demographic associations in the world.

Impact Factor: 2.489 (2018), Journal Citation Reports®
