Tetsugaku Companions to Japanese Philosophy

Series Editors: K. Noe, C.Y. Cheung, W.K. Lam

This new Springer series collects and presents studies on many facets of Japanese philosophy. Its aim is threefold: to demonstrate the unique philosophical potential of Japanese philosophy; to provide systematic and critical texts for research as well as for teaching on Japanese philosophy; and to reinforce the academic status of Japanese philosophy as an academic discipline. The series focuses on representative Japanese philosophers and on various themes in Japanese philosophy. It explores pre-modern as well as modern philosophers and themes, and provides a platform for comparisons with Western and non-Western philosophical traditions. The series reflects a growing interest in non-Western philosophical movements as well as the undeniable influence of Japanese philosophy in Asia. This new series: • Demonstrates the rich potential of Japanese philosophy. • Echoes recent developments in the field. • Enhances the academic status of Japanese philosophy.
