

## **The New Antiquity**

Series Ed.: M.S. Santirocco

Over the past two decades, our understanding of the ancient world has been dramatically transformed as classicists and other scholars of antiquity have moved beyond traditional geographical, chronological, and methodological boundaries to focus on new topics and different questions. By providing a major venue for further cutting-edge scholarship, *The New Antiquity* will reflect, shape, and participate in this transformation. The series will focus on the literature, history, thought, and material culture of not only ancient Europe, but also Egypt, the Middle East, and the Far East. With an emphasis also on the reception of the ancient world into later periods, *The New Antiquity* will reveal how present concerns can be brilliantly illuminated by this new understanding of the past.
