Journal of Population Economics

International Research on the Economics of Population, Household, and Human Resources

Editor-in-Chief: K.F. Zimmermann

Editors: A. Cigno; O. Galor; J.S. Zhang

Managing Editor: M. Vanore

- ▶ Examines research in all areas of population economics
- ▶ Addresses micro-level topics, including household formation and fertility choices, and macro-level topics such as economic growth with exogenous or endogenous population evolution
- ▶ Features research into economic approaches to human biology, the relationship between population dynamics and public choice, and the impact of population on the distribution of income and wealth
- ▶ The journal is published in collaboration with POP at UNU-MERIT, the Global Labor Organization (GLO) and the European Society for Population Economics (ESPE)
- ▶ 100% of authors reported that they would definitely publish or probably publish in the journal again

UNU-MERIT Journal Website: <http://pop.merit.unu.edu/jpop/>

On 1 July 2018, **Oded Galor** becomes **Editor** of the **Journal of Population Economics** following **Erdal Tekin**, who has taken the position of **Editor-in-Chief** of the **Journal of Policy Analysis and Management (JPAM)**. **Oded Galor** remains **Editor-in-Chief** of the **Journal of Economic Growth**.

The Journal of Population Economics is an international quarterly that publishes original theoretical and applied research in all areas of population economics.

Micro-level topics examine individual, household or family behavior, including household formation, marriage, divorce, fertility choices, education, labor supply, migration, health, risky behavior and aging. Macro-level investigations may address such issues as economic growth with exogenous or endogenous population evolution, population policy, savings and pensions, social security, housing, and health care.

Impact Factor: 1.296 (2017), Journal Citation Reports®
