PNLDE Subseries in Control

Subseries of Progress in Nonlinear Differential Equations and Their Applications

Series Ed.: J.-M. Coron

Series Editor

Jean-Michel Coron, Université Pierre et Marie Curie, Paris, France

The *PNLDE Subseries in Control* is dedicated to the publication of cutting edge developments from the intersection of control theory with the analysis of differential equations. The subseries aims to include research monographs, graduate level textbooks, polished notes arising from lectures and seminars, as well as refereed proceedings of focused conferences. Topics from across the spectrum, ranging from the theoretical to the applied, will be included in the subseries.
