Socio-Historical Studies of the Social and Human Sciences

Series Editors: C. Fleck, J. Heilbron, M. Santoro, G. Sapiro

This series is the first to focus on the historical development and current practices of the social and human sciences. Rather than simply privileging the internal analysis of ideas or external accounts of institutional structures, it publishes high quality studies that use the tools of the social sciences themselves to analyse the production, circulation and uses of knowledge in these disciplines. In doing so, it aims to establish Socio-Historical Studies of the Social and Human Sciences as a scholarly field in its own right, and to contribute to a more reflexive practice of these disciplines.

Recently published:
