

## **AAPS Introductions in the Pharmaceutical Sciences**

Series Ed.: R.M. Zavod

Springer and the American Association of Pharmaceutical Scientists (AAPS) have partnered again to produce a second series that juxtaposes the *AAPS Advances in the Pharmaceutical Sciences* series. It is a set of introductory volumes that lay out the foundations of the different established pockets and emerging subfields of the pharmaceutical sciences. Springer and the AAPS aim to publish scholarly science focused on general topics in the pharma and biotech industries, and should be of interest to students, scientists, and industry professionals.
