Springer Series in Electoral Politics

Series Editors: D. Stockemer, D. Halikiopoulou

This book series offers an outlet for cutting-edge research on voting behaviour and election-related topics, with a global, regional and country specific focus. Electoral Politics welcomes theoretically sound and empirically robust monographs, edited volumes and handbooks from various disciplines and approaches on topics such as electoral turnout, electoral campaigns, political parties, voting behaviour, electoral systems and related fields. Manuscripts can also link elections and political behaviour to broader political concepts, including democracy, the economy and foreign policy. All books published in this series are peer-reviewed.
