

Numerische Mathematik

Editors-in-Chief: F. Brezzi; T. Chan; M. Griebel

► 93% of authors reported that they would definitely publish or probably publish in the journal again

Numerische Mathematik publishes papers of the very highest quality presenting significantly new and important developments in all areas of Numerical Analysis. "Numerical Analysis" is here understood in its most general sense, as that part of Mathematics that covers:

1. The conception and mathematical analysis of efficient numerical schemes actually used on computers (the "core" of Numerical Analysis)
2. Optimization and Control Theory
3. Mathematical Modeling
4. The mathematical aspects of Scientific Computing

Impact Factor: 2.370 (2017), Journal Citation Reports®
