## Marine Biology

International Journal on Life in Oceans and Coastal Waters

Editor-in-Chief: U. Sommer

- ▶ All papers are subject to peer review and are published online in SpringerLink on average within 20 days of acceptance
- ▶ No page charges
- ▶ No color illustration charges
- ▶ 97% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

#### CALL FOR PAPERS:

*Marine Biology* Special Issue: **The Impact of Marine Plastic Debris on Life in the Sea**

See details under **ADDITIONAL INFORMATION** in the right menu

*Marine Biology* publishes original and internationally significant contributions from all fields of marine biology. Special emphasis is given to articles which promote the understanding of life in the sea, organism-environment interactions, interactions between organisms, and the functioning of the marine biosphere. While original research articles are the backbone of *Marine Biology*, method articles, reviews and comments are also welcome, provided that they meet the same originality, importance and quality criteria as research articles. Articles of exceptional significance are published as highlight articles. They are accompanied by an editorial comment, and they are promoted in social media.

Impact Factor: 2.134 (2018), Journal Citation Reports®
