## Journal of Consumer Protection and Food Safety

Journal für Verbraucherschutz und Lebensmittelsicherheit

Editor-in-Chief: M. Rukavina

- ▶ Explores current issues from all fields of food science, feed, pesticide, veterinary drugs, genetic engineering and health protection
- ▶ English- and German-language articles are from pure and applied research, as well as administrative surveillance
- ▶ Presents reports from conventions and workshops, and concise reviews

### Journal of Consumer Protection and Food Safety (JVL)

The JVL publishes peer-reviewed research in the fields of food, feed and consumer products as well as crop protection products, veterinary drugs, genetic engineering and consumer health protection.

Research papers – written in German or English – are published as Research Articles, Reviews, Methods and Short Communications. The JVL also presents important News, Opinions as well as Announcements and Reports about administrative surveillance.

The JVL is published by the Federal Office of Consumer Protection and Food Safety and provides information for authorities and institutions as well as other organisations and companies especially in Germany but also in the European Union and worldwide.
