Statistical Papers

Editors: C. Müller; W. Krämer; W.G. Müller

- ▶ Provides a forum for critical assessments of statistical methods
- ▶ Fosters discussion of methodological foundations and potential applications
- ▶ Stresses statistical methods that have broad applications
- ▶ Draws attention to statistical methods that are relevant to the economic and social sciences
- ▶ 90% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

Statistical Papers provides a forum for the presentation and critical assessment of statistical methods. In particular, the journal encourages the discussion of methodological foundations as well as potential applications.

This journal stresses statistical methods that have broad applications; however, it does give special attention to statistical methods that are relevant to the economic and social sciences. In addition to original research papers, readers will find survey articles, short notes, reports on statistical software, problem section, and book reviews.
