Journal of The Institution of Engineers (India): Series C

Mechanical, Production, Aerospace and Marine Engineering

Editor-in-Chief: G. Biswas

This Journal serves the national and international engineering community through dissemination of scientific knowledge on practical engineering and design methodologies pertaining to mechanical, production, aerospace and marine engineering. Original unpublished manuscripts are solicited in all these areas including but not limited to thermal engineering, fluid dynamics, aircraft design, space vehicles, industrial management, ship designing or naval architecture related researches. It covers all possible areas of latest research and developmental works in the field of soft computing techniques applied in production engineering, non-traditional machining processes, micro machining, computational fluid mechanics, etc. for the benefit of researchers, scientists and professionals.
