Journal of Homotopy and Related Structures

Editor-in-Chief: H. Inassaridze

- ▶ International journal covering homotopy and related structures
- ▶ Topics include topological groups and algebras, stable homotopy theory, group actions, algebraic varieties and more
- ▶ Published in association with the Tbilisi Centre for Mathematical Sciences
- ▶ With a five-year moving window, the back issues of the JHRS are available at: <http://tcms.org.ge/Journals/JHRS/public.htm>

International in scope and coverage, the Journal of Homotopy and Related Structures (JHRS) covers homotopy and related structures in the mathematical and physical sciences, including topology of manifolds, geometric and categorical structures and more.

The JHRS is supported by the Georgian National Academy of Sciences.
