Review Journal of Autism and Developmental Disorders
Editor-in-Chief: J.L. Matson

- Examines and analyzes important research trends across multidisciplinary fields of study of autism spectrum disorders (ASD) and related developmental disabilities
- Organizes and reports on the massive and rapidly expanding body of information on ASD and related disabilities
- Funnels a critical mass of basic and applied research into highly informative review articles

This journal offers critical reviews spanning the interdisciplinary world of research on autism spectrum disorders. Covers genetics, neuroscience, psychopharmacology, treatment, education and related conditions including depression, ADHD, anxiety and others.
