Living Reviews in Computational Astrophysics

Editor-in-Chief: E. Müller

Please note, we are currently updating the 2018 Journal Metrics.

Living Reviews in Computational Astrophysics is a new peer-reviewed, platinum open-access journal. We aim at offering a comprehensive survey of research in computational astrophysics that physicists will know is up-to-date and reliable. *Living Reviews* is unique in that it only publishes refereed review articles whose authors commit to update them regularly.

Living Reviews in Computational Astrophysics was founded by the Max Planck Institute for Astrophysics (MPA) in 2014.

Giving authors in their area of expertise the opportunity to publish open access

- High visibility thanks to unrestricted online access
- Rigorous peer-review and high-quality author services
- Creative Commons licensed – authors retain copyright
- Citation tracking and inclusion in bibliographic databases
- Easy compliance with open access mandates
