

IMF Economic Review

Editor-in-Chief: L. Tesar

- ▶ Features articles by leading scholars
- ▶ Influential among academics and policymakers worldwide
- ▶ Publishes high-quality, peer-reviewed research on open-economy macroeconomics and related fields

As the official research journal of the International Monetary Fund, *IMF Economic Review* presents articles that offer a high-level view of economics, including such topics as Macroeconomic implications of financial crises; Economic and financial spillovers; Policy responses to crises; Fiscal policy and stabilization; Policy responses to commodity price movements; and Monetary and macroprudential policies.

IMF Economic Review applies rigorous analysis with an empirical orientation that benefits readers and engages with a broad audience, including academics and policymakers. The journal borrows from, and interacts with, related fields: international trade, political economy, labor, economic history and development.

Impact Factor: 1.526 (2017), Journal Citation Reports®
