## The Journal of Analysis

Editor-in-Chief: R. Balasubramanian; S. Ponnusamy

This journal publishes original and high-quality peer-reviewed papers and expository surveys containing significant results of topical interest in mathematical analysis and its applications. The journal covers a wide variety of topics in real and complex analysis of one and several variables, such as:

- Functional and harmonic analysis
- Operator theory and spaces of holomorphic functions
- Conformal and quasiconformal mappings
- Riemann surfaces and Teichmüller theory
- Geometric analysis
- Real analysis and potential theory
- Harmonic mappings and related topics
- Analysis of free boundary problems
- Special functions
- Approximation theory and Inequalities
- Analytic number theory
- Potential theory

The journal is the official publication of the Forum D'Analystes. Established in 1992 in Chennai (Tamil Nadu, India), the Forum is an autonomous international organisation which promotes the study of mathematical analysis, publishes research, promotes computational techniques in the study of analysis and organises meetings and workshops in the analysis.
