Hormones

International Journal of Endocrinology and Metabolism

Editor-in-Chief: A.N. Margioris

Info: For Journal Volumes 1-6 go to <http://www.hormones.gr/>

Hormones - International Journal of Endocrinology and Metabolism is an international journal with an international editorial board aiming at providing a forum covering all fields of endocrinology and metabolic disorders such as disruption of glucose homeostasis (diabetes mellitus), impaired homeostasis of plasma lipids (dyslipidemia), the disorder of bone metabolism (osteoporosis), disturbances of endocrine function and reproductive capacity of women and men. It will also constitute a continuously updated educational tool primarily, but not exclusively, for young investigators through its regular publication of reviews by experts in the field.

Hormones - International Journal of Endocrinology and Metabolism is a quarterly journal publishing articles on all aspects of endocrinology. It was founded in 2002 as the official journal of the Hellenic Endocrinology Society, established in 1964.

Impact Factor: 1.712 (2017), Journal Citation Reports®
